Urge Construction of 2nd Tunnel

ORINDA SUN

VOL. VIII, NO. 34 — LAFAYETTE — ORINDA, CALIFORNIA — FRIDAY, NOVEMBER 3, 1950 — TEN CENTS

ALL SET for tonight's opening of "Guest in the House" at Acalanes High School, Orinda Dramateurs get some last-minute coaching from Director Ed O'Brien. The director is kneeling as he explains fine points to cast members. Seated, left to right, are Maudie Hammond, Mary Nelson, Judy Minor, Tania Wood and Hilda Probert. Standing, left to right, are James Hendricks, Bob Anthonisen, Don French, Fred Udall, Betty Lyman, Frank Wright, Iris Rakestraw, Jane Courtright and Harry Rasmussen. There will be two performances of "Guest in the House" — tonight and tomorrow night. Curtain-time each night is 8:15.

New Bus Relieves Peak A.M. Traffic--Added Service in Evening Now Sought

On Wednesday morning the peak commuter traffic to San Francisco was relieved by the addition of one more Greyhound bus.

This bus left Concord at 6:44 a.m., Walnut Creek 7 a.m., Lafayette 7:10 a.m., and Orinda at 7:18 a.m., reaching the San Francisco depot at 7:59 a.m.

The addition, according to Secretary John McKirahan, is a direct result of the Contra Costa County Commuters Association's campaign, and is the first improvement in service since June, 1949, when John Menns and Emmit Samon of the newly organized association appealed to the State Public Utilities Commission and won an additional bus for both morning and evening.

EVENING SERVICE

Arthur Bowman of Orinda is the association leader of the new campaign. He is continuing his drive by going after more service from San Francisco in the evening rush hour, and plans to study the morning service closely, in the belief that the one bus will not be sufficient.

President Aubrey Macomber of Concord expressed his appreciation of the interest taken by Richard E. Mittelstaedt, president of the Public Utilities Commission, in the commuters' problem, as evidenced by the new service provided so soon after the latest request was made.

ORINDA SHELTER

The Commuters Association has received a cordial invitation from William H. Worden of the Orinda Chamber of Commerce to attend the dance Friday, November 10, in the new post office building at Orinda to raise funds for a shelter for Orinda commuters. In the past these commuters have had to stand in line in the vacant lot next to the Shell station at the Crossroads in all kinds of weather to wait for buses.

Robert Pulford of Lafayette, Association vice-president, says the association is looking forward to the opportunity to help the Orinda members.

BRIEF BY AVAKIAN

Developments in the Greyhound rate case consist of a brief submitted to the P.U.C. by Attorney Spurgeon Avakian in support of his oral argument at the recent rehearing. Avakian points out that the continued high rate of earnings of the entire Pacific Greyhound Lines system and the doubtful separation of accounts, which appears to show the commute traffic is operating at a loss, leave only a possible solution that if commuter fares are raised other fares will have to be lowered to avoid excessive overall profits.

Furthermore, he points out the anticipated decline in traffic and revenue has failed to occur.

The new application for increases in statewide bus fares is presently being heard by the P.U.C. All major companies are requesting an increase in the basic rate from 2 cents to 2½ cents a passenger-mile for the first 50 miles on one-way fares, with round trip and multiple ride tickets increased in lesser proportion. The basic rate was raised to 2 cents in the Spring of 1949.

Weatherman Not Impressed by Orinda Rainfall

The Orinda weatherman didn't take our advice last week and buy a yardstick for rain-measuring purposes.

He assured us, "it's drier than you think," and said a foot rule was perfectly adequate when only 3.48 inches of rain had fallen during the week from October 25 through October 31.

We are not up on the scientific methods of rain measuring, but have a sneaking hunch the community-minded weatherman is using a water tank for a gauge where we use a half-inch diameter glass tube that showed a water level much nearer three feet than three inches. Or maybe it's just naturally wetter where we live.

Temperatures for the week? A maximum of 67 degrees was recorded the 25th and low for the period was the 35 degrees registered Tuesday, the latter figure very discouraging to us "trick or treaters."

County to Take Over Roads in Moraga Meadows

Through the efforts of the Moraga Meadows Association, the County Board of Supervisors has announced that the county will maintain a number of roads in the Moraga Meadows area immediately.

Roads to be taken over by the county and maintained by county road crews include Southwood Drive all of Tara Road, Overhill Road from Tara Road to Glorietta Boulevard and Hillcrest Drive from Martha Road to Overhill Road.

New officers for the coming year were elected by the association at its quarterly meeting held recently. The membership also voted to reduce association dues to $1 per year per family.

The neighborhood improvement group named the following officers for the 1950-51 term: Thomas Mika, president; Frank Shirey, vice president; Mrs. R. E. Copenhagen, secretary; Fred Evans, treasurer and Allen Ayres and C. T. Hallsted, new directors.

Directors held over are Dr. Herbert Wise, retiring president, and Roy Nicolaysen.

'Guest in House' To Be Presented By Dramateurs

Tonight and tomorrow night are the occasions for the appearance of "Guest in the House" at Acalanes High School gymnasium.

Season's first presentation by the talented Orinda Dramateurs, curtain will rise for the "first night" this evening at 8:15. For those of you who have not yet purchased tickets for the three-act play, they will be available at the door.

DRESS REHEARSAL

Dress rehearsal progressed smoothly on the Acalanes stage last night, with lines given their final polishing for the "hit" presentation tonight and tomorrow.

Mrs. Andy Blalock, stage manager for a willing work crew, has all in readiness for the production. Living room scenery that was carefully given its last touch-up of paint on Sunday will provide the setting for this Hagar Wilde-Dale Eunson "psychological thriller."

THE CAST

Edward O'Brien is director of the cast which includes Mary Nelson, Frank Wright, Hilde Probert, Tania Wood, Judy Miner, Maudie Hammond, Iris Rakestraw, Bob Anthonisen, Jane Courtright, Fred Udall, Don French, Mona Smith, Harry Rasmussen, Betty Lyman and James Hendricks.

Plan to attend one of the two public performances of Orinda Dramateurs' "Guest in the House."

Republican Women Hear Armstrong

Mrs. H. N. Herrick of Berkeley and Leo Armstrong, candidate for Assemblyman, were the principal speakers at a meeting October 26 of the Republican Women's Club of Orinda.

Mrs. Herrick, prominent civic leader of Berkeley, gave a clear resume of the eleven amendments and initiatives on the ballot for the coming election.

ARMSTRONG SPEAKS

Leo Armstrong, candidate for Assemblyman from this district, spoke on his platform and qualifications for the state assembly.

Three members of the Republican Women's Club of Orinda gave brief talks on the various Republican candidates for office. Mrs. Ned De Laveaga spoke on Congressman Richard M. Nixon, Mrs. Kendric Morrish on Edward Shattuck, candidate for Attorney General, and Mrs. Ronald Schacht on Governor Earl Warren.

OTHER SPEAKERS

Other guests who addressed the meeting briefly were Mrs. Mary E. Jasper of Fortuna, president of the California Council of Republican Women, and Mrs. Delight De Laveaga who reported on the activities of the "Democrats for Warren."

Mrs. Thomas St. Hill, president of the Orinda club, announced that plans are being made to have transportation provided to and from the polls for any Republican who might need it.

There will be a baby sitting service for mothers who cannot leave to get out to the polls. All Republicans needing these services may call either Mrs. St. Hill at Orinda 2454 or Mrs. Donald Krotz at Orinda 2045 before or on election day.

Cub Track Meet Set for Tomorrow

Orinda Cub Pack 52 is running a race with the rainy weather in order to hold its track-field day, postponed to tomorrow from last Saturday because of inclement weather.

Tomorrow morning, 9 a.m., weather permitting, the pack will hold its first annual field and track day at Glorietta School.

In order to get fathers to attend for necessary assistance, a special award will be given, based on the number of dads present.

Any cub who has not yet received an entry blank is asked to report to Bill Houston upon arrival at the field in order to be registered properly for the events. There will be a 50-cent entry fee charged, according to Bob Anthonisen, publicity chairman.

If it should rain tomorrow, Anthonisen reports that the track and field day will be postponed again for more favorable weather.

Evening of Fun Arranged for C. of C. Benefit Dance Friday Night, Nov. 10

Trago and partner presenting dance routines worked out in her Orinda studio depicting "A Half-Century of Dance." Various dances popular during the past 50 years will be executed.

The Orinda Dramateurs will present a series of short skits.

Danny Van Allen of the Orinda Willows will offer a musical interlude of his own arrangement. Milt Nelson of the Willows has provided the piano for the evening.

Dance music will be furnished by a combination from Gordon Heche's organization.

'COFFEE AND'

For refreshments there is an almost inexhaustible supply of doughnuts secured through the courtesy of Godfrey Bender of the Orinda Bakery, and Kelly's Kitchen has made arrangements with a national coffee concern for the coffee.

The dance is to run from 9 until midnight. The space in the new postoffice, procured through the courtesy of Mrs. Laura Mallary, postmaster, is ample.

If you have not received tickets through the mail, they can be purchased from any of the local merchants or at the door next Friday night.

The new Orinda Postoffice, gaily festooned for the occasion, will be the site next Friday night, November 10, for the benefit dance sponsored by Orinda Chamber of Commerce.

Purpose of the dance is to raise funds to erect a shelter for the commuters at the Crossroads.

Plans for the shelter have been drawn by Wayne Littlejohn, Orinda architect, and construction will proceed immediately if the necessary funds are raised.

GOOD ENTERTAINMENT

"Every effort has been made to provide good entertainment for the evening, in addition to the dancing, said Bill Worden, chamber president.

"Local merchants have responded generously in donating food and their time to the project. The local residents have evinced an equal generosity in the advance payments for tickets.

"The number of checks received by the chamber indicates a tremendous enthusiasm and interest in the dance. It is hoped that all those that are unable to attend will send in their dollar anyway."

DANCES, SKITS

The entertainment includes Diane

Defense Expert To Speak Here

Brig-Gen. Chynoweth Will Discuss Disaster Relief Next Thursday Night

Brigadier General Bradford G. Chynoweth, retired, recognized as one of the foremost authorities on the subject, will speak on civilian defense and disaster relief at next Thursday night's community rally at Orinda Grammar School.

Chynoweth, who will top the list of speakers at the meeting being put on by the Orinda Association, was until recently civilian defense director for Alameda County. He resigned because he felt there was too much "politics" in the setup there, and that the disaster relief organization should get rolling.

According to President Marvin Bonds of the association, Chynoweth will speak of the problem in its area, state and federal aspects, and will present his viewpoint on what should be done to achieve an effective civil defense organization.

"He has been highly recommended to us as a man thoroughly acquainted with the problems of civilian defense," Bonds said. "In addition, he has a long military background which makes his opinions all the more valuable."

The meeting, to which admission will be free, will have special significance for the community. It will be the curtain-raiser for the association's drve for members.

With the "kickoff" for the Orinda Association's membership drive less than a week off, indications are that every Orindan will be made aware of just what the association is and how it is important for the community's future.

In addition to the public rally next Thursday night, November 9, at Orinda Grammar School auditorium—which will serve as the starter of the drive—and the intensive 10-day telephone campaign to be conducted by the organization's Civic Affairs Committee, the campaign will include:

Weekend booths for membership signups, to be manned by Boy Scouts, under direction of Mrs. F. R. Devin.

POSTERS

Posters executed by the children at Orinda and Glorietta Schools.

Program for next Thursday night's community meeting, which will start at 8, is lined up as follows according to Horace Breed, coordinating chairman for the event:

Speaker on civilian defense; Clarence Fleager to talk on his grade separation proposal, involving a "clover leaf" arrangement for the Crossroads area; Stanley Allen to speak on the problems of parking and sidewalk setbacks on Moraga Highway; Dr. Ralph Hall of the Acalanes High School Board to discuss the latest developments in the high school district's quest for a high school site in Orinda; a member of the Board of Fire Commissioners to talk on the $130,000 fire bond election, which has been set for November 21.

Breed added that either President Bill Worden of the Orinda Chamber of Commerce or Secretary-Treasurer Clarence Betz of that organization will call the attention of the audience to the chamber's big community dance the next night, November 10, at the new postoffice building, proceeds of which will be used to build a commuters' bus shelter at the Crossroads.

COMMITTEE TO MEET

According to Mrs. Helen Vurek, general chairman of the membership drive, the telephone committee, headed by Co-Chairman Bob Clough and Harold Rote, will meet at Orinda School next Monday night at 7:45. Final plans for the phones-are-ringing campaign will be mapped.

The school children's posters, to be displayed in store windows of the community, will be selected from entries in a poster contest by the sixth, seventh and eighth grade students of both the Orinda and Glorietta Schools, Mrs. Vurek said.

Through the cooperation of the school authorities, the contest will run from Monday, November 6, through next Friday, November 10. Two groups of prizes will be awarded, one group for each school. Each group will consist of first, second and third prize.

JUDGES

Judges of the poster contest are being furnished by the Orinda Children's Art Association, of which Mrs. N. S. Dodge is chairman. The judges will be Mesdames Dan Carter, Stewart Henderson, Charles McDermott, Kirk Miles and Jack Buchter.

The posters are expected to be placed on display in the stores by Saturday, November 11.

President Marvin Bonds of the Orinda Association will be chairman of next Thursday night's community meeting. Following the talks on various Orinda problems, Bob Clough, chairman of the Civic Affairs Committee, will sound the "keynote" for the organization's membership drive.

In the 10 days of November 9-19, plans are for every Orinda family to be contacted with the message of the association and its accomplishments, and with a request to join for the period ending Dec. 31, 1951, at $2 per family.

Reports Show Slow But Steady Scout-Aid Drive

Canvass of the community for the Diablo Area Boy Scout-Girl Scout combined finance drive is going forward slowly but steadily, with indications of good support from all part of Orinda, according to daily reports received by Mrs. F. R. Devin, local campaign chairman.

Almost 100 volunteers are giving of their time and energy in this campaign, which ends when all contacts have been made.

Mrs. Devin pointed out that all contributions are income tax deductible and are very necessary for continued support and future growth of Scouting in this area.

Funds received go to support the program of the Boy Scout and Girl Scout councils for 1951. Scout membership in the area jumped from 2,600 last year to over 3,500 at present.

Final report of the Scout drive in Orinda will be made today at the Jonas Hill home of Mrs. F. R. Devin, finance chairman, when she entertains the captains and members of her committee at tea.

Among those who will be present at the affair are Mesdames Ritchie Smith, Abe Doty, F. E. Ready, William Thurlow and John Gompertz, Norman Coates, George Fink, Ernest Fernsten, Bruce Howard, Norris H. Wiggins, Harry F. Noller, P. F. Kops and Kenneth St. Clair.

First group to cover their district and report "in" was the one headed by Mrs. Kenneth St. Clair and Mrs. P. F. Kops. Working in the Five Corner-Las Vegas area were Mesdames Glenn Holtwick, T. A. Montague, Gerhardt Burde, Robert Moorehead, Charles Ward, R. C. Diehl, Thomas Rogers, John McFarland, David Wallace, Thomas Cullen, A. W. Reid, Pierce Milton, Ernest Kahl and Joseph Brothers.

What Happens When Firefighters Are On Call?

It's all very well to say "Call the fire department promptly in case of fire"—but if the department is out on another call at the time, what then?

This situation won't arise if the proposed $130,000 bond issue passes November 21, according to Fire Commissioner Gilbert Earle.

"Another fire station will do two things," Earle pointed out this week. "First, there will be immdiate facilities for handling simultaneous fires. Second, there will be additional equipment and men for second call to serious fires."

The goal is two more fire stations, Earle explained. First, however, $75,000 in bonds would be sold for construction of a fire house at Moraga Highway and Orchard Road and for purchase of a site in the Sleepy Hollow area.

As soon as the assessed valuation of the district increases sufficiently, the remaining bonds would be sold, according to Earle, for construction of another new fire house at the Sleepy Hollow site.

"With more than one fire station, everybody benefits," Earle continued, "because the equipment closest responds first and the other parts of the district still have men and equipment close by."

The commissioner added that the longest present run takes about nine minutes. A second station will cut this time in half, he said.

"The growing population in our fire district means the per capita effectiveness of the department is reduced unless it, too, grows with our population trend," he said.

Four More Room Meetings Set

Orinda Mothers Club room meeting for the week of Friday November 3 through Friday November 10 are:

Friday, November 3, 3 p.m., Mrs. Martinelli's 4th grade, Orinda, at the home of room mother Mrs. Louis Ambler, 220 El Toyonal.

Tuesday, November 7, 3 p.m., Mrs. Anderson's 6th grade, Glorietta, at the home of Mrs. Jay Stevens, 50 Scenic Drive, with room mother Mrs. J. E. Rauch as co-hostess.

Wednesday, November 8, 3 p.m., Mrs. Collings' 4th grade, Glorietta, at the home of room mother Mrs. Fred Kronke, 12 Overhill Road.

Friday, November 10, 3 p.m., Mrs. O'Neill's 1st grade, Orinda, at the home of room mother Mrs. George Clifford, 163 Orinda Highway.

These Plans Affect You, Your Family!

Every Orindan is vitally interested in the future development of our community. The rapid growth of this area has brought us face to face with many serious problems which must be met without delay.

The Orinda Association and its Civic Affairs Committee are keenly aware of these problems and are constantly working to make Orinda a better place in which to live.

One of the major tasks which must be faced in the near future is the development of the Community Center. Careful study has been given to this problem as Orinda is sadly lacking in recreational facilities.

Plans for the development of the Community Center not only include recreation facilities but also the possibility of a County Library and a Town Hall.

Also, as everyone is aware, traffic conditions on Mount Diablo Boulevard represent a serious hazard. A committee is now at work studying possibility of a second low level tunnel.

Your Civic Affairs Committee is composed of a member from each organization in Orinda and therefore it speaks as the official representative of the entire community when taking up problems with the various county officials.

In the months to come, your association will continue to work for improvement of the county road system by calling the attention of our supervisor to certain conditions which are brought up by the Civic Affairs Committee from time to time.

It is hoped that a system of uniform street signs will be developed, as this matter is now under intense study and we can hope to receive the cooperation of county officials.

Whatever problems that may come up in the future months, you can be assured that your association and the Civic Affairs Committee will be prompt to act on them without delay.

Whether the problem be taxes, fire or police protection, schools or roads, every Orindan can be assured that he has a voice in the Association and the Civic Affairs Committee.

Topics now under consideration include: (1) Improvement of Community Center; (2) development of Master Plan for parking and turn-around at Crossroads; (3) improvement of roads; (4) representation on Taxpayers Association; (5) defense and disaster relief; (6) survey of school locations.

Fleager Resigns School Board Post --Appoint Fraser

Jack Fraser of Glorietta Boulevard is a new member of the Orinda School Board, replacing William M. Fleager, who resigned, it was announced this week by Superintendent of Schools Joseph L. Sheaff.

Fraser was appointed last Friday by County Schools Superintendent B. O. Wilson, following recommendation by the local board October 19, Sheaff reported.

At a meeting of the Orinda board on the latter date, a letter of resignation from Fleager was read and accepted. Fleager asked that his resignation be as of October 15, and gave the press of business and other activities as his reason for resigning.

The board recommended Fraser for the unexpired term of Fleager, which ends June 30, 1951. Fleager was chairman of the board.

Fraser, who has a daughter attending Glorietta School, has been an Orinda resident for some time. He is a partner in the San Francisco firm of Mallott and Peterson-Grundy, dealers in floor coverings.

Sheaff said there will be no regular November meeting of the board due to the absence of Mrs. Joan Erikson, clerk, who is in New York, and of Seaver Ballard, who is in the east. The October 19 meeting was called in anticipation of this situation, he explained, so that necessary business could be transacted.

Parents Plan 2 Potluck Suppers

Annual Orinda Potluck Supper at the Orinda School Auditorium has been scheduled for the nights of Tuesday, November 14, and Wednesday, November 15.

Because of the growth of the two schools, it will be necessary to have two suppers—one for the Orinda School and one for the Glorietta School, instead of the combined groups as before.

WHERE AND WHEN

The Orinda School supper will be held November 14, 6:30 p.m. Hostesses are the mothers of Mrs. DuBois' third grade, Mr. Hill's fifth grade and Mrs. Givens' and Mrs. Hillis' sixth grades.

Chairmen are: Decoration and setup, Mrs. Fred Twining; kitchen and serving, Mrs. Rudy Rasmussen; arrangements and reservations, Mrs. James Brooks; cleanup, Mrs. Dan Peacock.

The Glorietta School supper will be held November 15, 6:30 p.m., also at the Orinda School auditorium. Hostesses are the mothers of Mrs. Seifker's third, Mrs. Collings' fourth, Mr. Murphy's fifth and Mrs. Anderson's sixth grade.

Chairmen are: Decoration and setup, Mrs. H. S. Kimball; kitchen and serving, Mrs. Fred Kronke; arrangements and reservations, Mrs Marvin Bonds; cleanup, Mrs. J. E. Rauch.

Theme will be a Big Game Rally with colorful blue-and-gold and red-and-white decorations. There will be speakers representing both California and Stanford to give a resume of past games and hopes and plans for the Big Game.

College songs and other community singing by the parents will be followed by dancing. In the past the potluck supper has always been well attended and thoroughly enjoyed by the parents.

Watch for further details on this year's suppers!

2 Child Therapy Centers to Meet

Bird names will be chosen and officers will be elected by each of the two new Orinda chapters of the Mt. Diablo Child Therapy Center when they meet next Wednesday.

The afternoon group will meet at 12:30 for dessert at the home of Mrs. J. B. Wasson, 14 Los Arboles. The evening group will meet for dessert at 7:30 at the home of Mrs. Donald Hunter, 20 Sunrise Hill.

Both chapters will plan their activities for the coming months.

Harvey Lyon Asks Study to Finance Additional Outlet

Construction of a second inter-county tunnel was urged this week by Harvey Lyon of Oakland and Lafayette, chairman of the Oakland Chamber of Commerce highway committee and a member of the Contra Costa Development Association.

Lyon made his suggestion at a joint luncheon meeting of the Contra Costa Board of Supervisors and the Contra Costa Development Association Monday.

"It is a project that we cannot hope to accomplish in one year or tow years, but it is a proposal on which we must consider financing with a view to accomplishment in the next five to seven years," he declared.

HIGHWAYS IN COUNTY

The general discussion during the meeting centered on what could be done to improve Contra Costa's highways.

There was specifi agreement that Contra Costa needed strong representation on the state level. Supervisor H. L. Cummings, board chairman, received unanimous approval on his suggestion that the county should seek the appointment of a Contra Costan on the highway commission.

ADVISORY GROUP

The Board of Supervisors accepted the Development Association as an advisory group which will aid the board with suggestions and advice on the needs of the county.

The board approved a proposal for a county representative to attend all metings of the State Highway Commission.

Among those attending the meeting were Supervisors H. L. Cummings, Ray S. Taylor, S. S. Ripley and Jake Frederickson, County Road Commissioner Joseph Barkley, Verne Andreason of San Ramon, Captain A. G. Sandford of Lafayette and M. L. Gillogly of Alamo.

Guild to Offer All Things: Aprons To Zebra Books

Culminating a year's work of preparation, the Women's Guild of the Orinda Community Church will put on its annual annual bazaar next Thursday afternoon, November 9.

Never before have so many pretty and useful articles been made by Guild members. Those who come to this bazaar will have an excellent opportunity to buy Christmas gifts for the family, from grandpa down baby brother or sister.

APRONS—AND APRONS!

There will be barbecue aprons for dad and son, cover-all aprons and dainty tea aprons for mother, with some to match for sister, and a great variety of hand-embroidered or textile-painted luncheon cloths, and table mats with napkins to match—and, of course, lots of pot holders.

There will be adorable baby things for every need. There will be dressed dolls and doll clothes made especially for the 14-inch Toni dolls; marionettes for boys and girls; felt ballet slipper bags for the girls to take to dancing class; equipped felt sewing bags, novelty pin cushions and purses; and, to save for a house-warming gift, pure linen dish towels made from linen brought from Ireland by Mrs. Harper Wright.

A brand new feature of this year's bazaar will be the Children's Fair in the Children's Unit from 2 to 5 p.m. There will be a refreshment booth with punch, cookies and popcorn balls for sale.

A table will hold "white elephants" with special appeal for children with its books, funny books, games, toys and jewelry. Three skill games are certain to hold the interest of the school-age boys and girls, with prizes for the winners.

WIRE RECORDER

A new feature will be the opportunity to hear one's self one a wire recorder, and also to make a record of songs and poems which can be taken home to play on one's own phonograph.

Mrs. Wirtabel Harris, well-known Dramateur, will, for a small fee, "make up" children to look like a clown, a witch or any character asked for. During the afternoon there will be two delightful marionette shows.

Not only can distinctive gifts be bought at this bazaar, but also the gift paper for wrapping them and the gift cards to accompany them.

Kids' Show Will Feature Hopalong

From the screen of Teatro Para Ninos at Orinda Grammar School auditorium tomorrow, Hopalong Cassidy will entertain enthusiastic youngsters with the film, "Partners of the Plains."

Read This Before Tuesday! Pros and Cons on Ballot Propositions

Eleven propositions will be on the ballot at next Tuesday's election.

In order to vote on them intelligently you should understand clearly each of these 11 propositions and the arguments for and against each.

Following is a summary of the issues and arguments, based on the official pamphlet isued by Secretary of State Frank M. Jordan. In those instances where no opposition arguments appear, there were none listed in the official state publication.

1. Personal Property Taxation. Initiative Constitutional Amendment. Adds Section 1¾a to Article XIII of the Constitution. Prohibits State and its political subdivisions from imposing taxes upon personal property, tangible or intangible. Provides that such prohibition shall not affect estate, inheritance, income or other excise taxes.

Argument for — By the ending of taxation on personal possessions, more and better jobs will be provided, through expanded industry. The present tax pyramids on the individual consumer. California taxes the individual consumer more heavily than any other state.

Argument against — This amendment would bring financial chaos to California's local governments, upset the state tax structure and result in new or increased taxes to make up the revenue loss.

2. Constitutional Amendments and Laws. Naming persons to office. Assembly Constitutional Amendment No. 24. Adds Section 1d to Article IV of Constitution. Prohibits submission to electors of any constitutional amendment or law, whether proposed by initiative or by the Legislature, which names any individual to hold office. Declares that any such measure hereafter submitted or approved shall not go into effect.

For — This amendment proposes to make it impossible to create a constitutional office and by the amendment creating the office to also name the particular individual to hold the said office.

Against — A "No" vote will retain for the people their rights to initiative legislation, to name officials and to govern themselves as the majority of voters determine is proper.

3. Inferior Court Reorganization. Assembly Constitutional Amendment No. 49. Amends Article VI of Constitution. Establishes a uniform system of municipal and justice courts throughout the State. Provides for municipal courts in cities exceeding 40,000 population, and justice courts in judicial districts of lesser population, judges of these courts being elective. Directs that there shall be only one kind of court in a district. Authorizes Legislature to prescribe jurisdiction and procedure of such courts and powers and duties of judges thereof.

For — This proposition would simplify our court system and eliminate duplication, wasote and confusion existing in our so-called inferior courts, which handle small law suits and minor criminal cases and enforce traffic laws.

Against — The amendment would destroy an integral part of our judiciary system; a "No" vote will leave in the hands of the people, through their elected representatives in the State Legislature, the power which has subsisted in the Legislature since adoption of the State Constitution in 1849, to establish inferior courts, subject to home rule provisions whereby the people of a chartered city may provide in their charter for police courts they deem desirable.

4. Eligibility to Vote. Assembly Constitutional Amendment No. 12. Amends Section 1 of Article II of Constitution. Preserves voting eligibility of registered electors who move from one Calfiornia county to another within 90 days prior to an election, by permitting such persons to vote in former county.

For — This amendment provides that any duly registered voter in any county moving from one county to another county within 90 days prior to an election shall be considered to be a resident and qualified voter of the precinct of the county from which he has moved until after the election. Such a person should not be disfranchised.

5. Legislators. Senate Constitutional Amendment No. 30. Amends Section 19 of Article IV of Constitution. Permits members of Legislature to hold office and serve as members of boards or commissions created to apportion or allocate state funds to other state or local agencies.

For — This setup has been in effect a number of years at Sacramento, but attorneys have raised the question of the legality of it. The amendment is submitted to clarify the law and to make sure that membership on such boards by legislators is legal. Membership by legislators on these boards gives people a more direct voice in expenditure of state money and assures the various sections of the state greater fairness of treatment in allocations.

6. Legalizing and Licensing Gambling. Initiative Constitutional Amendment. Adds Article XXXII to Constitution. Permits wagering and gambling in licensed establishments. Creates five-man state commission empowered to license and supervise pari-mutuel betting at tracks, off-track bookmaking, wagering on athletic or skill contests, and gambling games and devices. Authorizes commission to operate or license gaming, lotteries, etc. Imposes percentage taxes on money wagered, revenue to be deposited in pension and welfare fund for payment of aged and blind aid allowances. Names first members of commission, future members to be elected. Continues licensing authority of Horse Racing Board.

the mto the zoo for display. They

For — California has thousands of untaxed bookmakers and gambling establishments. Homeowners and legitimate businessmen are taxed to the limit but bookmakers and gamblers are "above the law" and operate without paying taxes. Proposition 6 would compel bookmakers and gamblers to pay taxes like everybody else.

It is estimated that at least $300,000,000 of gambling tax money would flow into the State Treasury to pay old age and blind pension costs. The tax revenue thus derived would remove the entire present burden thereof from the back of every taxpayer.

Against — No. 6 would in no way improve the status of pension recipients or change requirements for qualification. Actually, it is a sordid scheme to license every known form of gambling and create a vastly profitable gambling empire under the absolute control of five promoters who brazenly name themselves — in the act — as Gambling Commissioners. The commission is not subject to control by either the Governor or the Legislature.

These commissioners would have power to license all types of gambling in the state, including gambling on results of high school and college sports. Gamblers would be exempted from all excise and other tax collections. Without any legal restrictions the commission could set up race tracks for dogs or horses anywhere in the state to operate 365 days a year and operate their own gambling establishments and set up a statewide monopoly under their personal control.

Promoters of Proposition 6 would have, in effect, a blank check on the State Treasury to cover any deficits from their operations. People playing friendly games of bridge or poker at home, for small stakes, could be made to secure licenses, under threat of jail sentences.

Passage would encourage big-time gangsterism, rampant crime, civic corruption, juvenile delinquency and bloody warfare for control of gangland rackets.

7. Chiropractors. Amendment of Initiative Act. Adds Section 8.1 to Chiropractic Act. Provides that no blind person shall be denied admission to or graduation from chiropractic school, or be barred from state chiropractic examination or license on ground that he is blind.

For — Many blind persons in California are successfully practicing chiropractic; passage of No. 7 would protect the blind from unfair and illegal discrimination and would guarantee qualified blind students the right of admission into chiropractic colleges and state examinations for license to practice their profession. The blind man's highly developed sense of touch makes him particularly fit for chiropractic practice.

Against — A "No" vote is urged because it is highly important for a chiropractor to be able to judge by sight the condition of his patients and to gauge carefully thereby the amount of pressure a patient's body can safely withstand — otherwise serious injury may be caused.

(The Board of Chiropractic Examiners has adopted a rule that no student shall be enrolled in an approved chiropractic school unless he has at least 50 per cent vision and hearing and is without a major physical defect.)

8. Compensation of Local Officers. Assembly Constitutional Amendment No. 81. Amends Section 5 of Article XI of Constitution. Repeals prohibition against increasing compensation of any county, township or municipal officer after his election or during his term of office. Validates 1949 statutes prescribing compensation of those county officers whose salaries are fixed by the Legislature, making such compensation payable upon adoption of this amendment.

For — Compensation of members of boards of supervisors, district attorneys and auditors in the various counties is regulated by the State Legislature, and not by the public officers themselves. Compensation of all other county officers not regulated by the Legislature are regulated by the voters or governing body in the particular county, township or municipality, not by the public officers themselves. Therefore, there is no logical reason why their salaries or compensation should not be subject to change at any time.

9. State Civil Service. Senate Constitutional Amendment No. 6. Amends Sections 4 and 6 of Article XXIV of Constitution. Exempts from state civil service officers and employees of district agricultural associations employed less than six months in calendar year; stewards and veterinarians of California Horse Racing Board employed on part-time basis. Prohibits Legislature from reviving any optional exemption from state civil service after once abolishing such exemption. Permits given position to be filled by successive temporary appointees, unless employment list is in existence; increases maximum employment period of temporary appointees to nine months in any consecutive 12-month period.

For — Adoption of No. 9 would eliminate a large volume of unnecessary clerical procedure in the employment of persons for short periods in connection with local district agricultural fairs and with racing events. This elimination would be assured by exemption of such temporary employees from civil service requirements. Extension of temporary civil service appointment from six months to nine months would facilitate scheduling and holding of civil service examinations.

10. Public Housing Projects. Requiring election to establish. Initiative Constitutional Amendment. Adds Article XXXIV to Constitution. Requires approval of majority of electors of county or city, voting at an election, as prerequisite for establishment of any low-rent housing project by the State or any county, city, district, authority, or other state public body. Defines low-rent housing project as living accommodations for persons of low income financed or assisted by Federal Government or state public body. Exempts any project subject to existing contract between state public body and Federal Government.

For — Passage would restore to the citizens of a community the right to decide whether public housing is needed or wanted in each particular locality.

Against — Proposition 10 is unnecessary and would substantially increase the tax load in cities and counties of the state. Under the present California Housing Authorities Law, no low-rent housing project can be undertaken "until the governing body of the city or county . . . approves said project by resolution duly adopted."

11. Land Titles. Torrens Act. Amendment of Initiative Act. Adds Sections 48.1 to 48.9, inclusive, to Torrens Act (Land Title Law). Provides method of withdrawing land from registry under said act by application to registrar of title (county recorder) and issuance and recordation of withdrawal certificate. Provides that such withdrawal shall not affect determinations of title theretofore made.

For — This amendment would permit owners of land registered under the Land Registration Act (Torrens Act) to withdraw such land from registration and place it under the conventional recording system. Under the present setup, once land has been registered it cannot be withdrawn even where good reasons exist for withdrawal.

Letters to the Editor

Dear Editor:

The Board of Directors of the Orinda Taxpayers' Association has gone on record to recommend a NO vote on proposition No. 1 and a YES vote on Proposition No. 10.

In regard to Proposition 1, the Board of Directors feels strongly that the elimination of taxation on personal property would result in new or increased (perhaps more burdensome) taxes to make up the revenue loss.

Increased taxes on real property and new taxes would be virtually inevitable. It would work to the particular advantage of a relatively few business taxpayers who have no investment in real property.

In regard to Proposition 10; a YES vote for this proposed constitutional amendment is a vote neither for nor against public housing. It is a vote for the future right to say "yes" or "no" when the community considers a public housing project.

Passage of the "Public Housing Projects Law" will restore to the citizens of a city, town or county, as the case may be, the right to decide whether public housing is needed or wanted in each particular locality. Such is not the case at present.

LYLE YORK
President,
Orinda Taxpayers' Association

To The Editor:

I want to express my personal appreciation to you and Ad Kalb, as well as that of the Walnut Festival Association, for the fine job you did in helping us to publicize the 1950 Walnut Festival.

Your special Walnut Festival edition of the Shopping News was a masterpiece and no doubt did a great deal toward attracting the largest crowd that we ever had at the Festival and making it possible for us to divert a larger fund than we had anticipated to the Walnut Creek Youth Center.

Sincerely yours,
VANCE W. PERRY
Executive-Secretary

Verna Phillips District Nurse For Acalanes

Mrs. Verna Phillips, certified public health nurse, has been employed by the Acalanes Union High School District to supervise the district's health program. Mrs. Phillips has opened her nursing office in the administrative quarters of the school.

She has done public health nursing in schools in the valley and has worked with the Oakland City Health Department and schools in the Bay Area.

Limited nursing service had previously been afforded the high school by a part time visiting nurse employed by the County Health Department.

Drive very carefully — the life you save may be your own.

Bring Your Dog To Class Any Tuesday Evening

Mt. Diablo Dog Training Club is again holding a series of obedience classes at the grounds of the Buena Vista School in Walnut Creek.

Meetings are held every Tuesday evening at 8, weather permitting. Members of the club act as instructors.

Any dog owner who wishes to train his dog to obey basic commands which will make for a well-behaved pet is cordially invited to attend the classes. Bring your dog, and, if possible, a strong leash and a chain-choke collar. Mongrels are as welcome as dogs of pure breeding.

Those who wish to train dogs for obedience trials will find the classes particularly valuable, as novice work is taught, and open and utility work is practised by the advanced group.

This group of classes will be the last to be open to the public free of charge. Starting in January, the Mt. Diablo Club plans to sponsor a professional obedience trainer who will take charge of the group classes.

For further information concerning the classes, call Kay Wahl at W. C. 4961 or Lyn McKee at Lafayette 3230.

Sunday Sermon— No Safety in Lie

"No Safety in A Lie" is the subject of Rev. Fred Morrow's preelection sermon at Orinda Community Church this Sunday at 11 a.m.

Assisted by his youth associate, C. Ray Fowler, and the choir under the direction of Margaret Popovich, the Orinda pastor will conduct the worship of the congregation. Mrs. C. P. Baker presides at the console of the memorial organ.

The Sunday school hours are from 9:30 to 10:30, at which time departmental worship and class instruction are furnished by the school's staff of 30 officers and teachers.

The usual Sunday evening meeting of the high school young people will be omitted this week because of the all-day Work Day on Saturday.

Patronize Hometown Merchants.

Kiwanis Offers New Scholarship

The Walnut Creek Kiwanis Club will offer an annual $200 scholarship to an Acalanes boy or girl who professes a sincere desire to become a teacher, Irving Magill, president of the club, disclosed yesterday.

The student receiving the new annual award must have hgh scholastic attainment, excellent citizenship record, good moral character, and be able to ≥e financial assistance in working out plans for a higher education.

The Kiwanis scholarship will grant the student selected $100 for two semesters. The student may choose any accredited college or university he wishes. First presentation of the scholarship will be made to a graduating senior at the end of the current school year.

Guild Section 3 to Meet Monday Evening

Gift makers, Section 3, will meet Monday evening at the home of Mrs. M. W. Loveland, 32 Camino Del Diablo. After the customary devotions, all will help in final preparations of their articles for the bazaar on November 9.

LEGAL NOTICE

NOTICE OF FILING ASSESSMENT AND OF THE TIME FIXED FOR HEARING APPEALS LOCAL IMPROVEMENT DISTRICT NO. 17

NOTICE IS HEREBY GIVEN that the Assessment, together with a Diagram and Engineer's Certificate attached thereto, in the matter of the work and imrovement, to-wit: The construction of sanitary sewers and appurtenances in Local Improvement District No. 17 in Central Contra Costa Sanitary District of Contra Costa County, State of California, was filed with the Secretary of the District Board of said Sanitary District, and in the office thereof at 1822 Mt. Diablo Boulevard, City of Walnut Creek, in said County on October 24, 1950.

NOTICE IS HEREBY FURTHER GIVEN that the owners, the contractor, or his assigns and all other persons interested in said work or in said Assessment, feeling aggrieved by any act or determination of the District Engineer in relation thereto, or who claim that the work has not been performed according to the contract in a good and substantial manner, or who claim that any portion of the work for any reason was omitted or illegally included in the contract for the same, or having or making any objection to the correctness of the Assessment or Diagram, or other act, determination or proceedings of said District Engineer, may, prior to the date hereinafter fixed for hearing, appeal to said District Board by briefly stating in writing the grounds of appeal.

And the 21st day of November, 1950, at 8:00 o'clock p.m., on said day, and the meeting place of said District Board at 1822 Mt. Diablo Boulevard, in said City of Walnut Creek, have been fixed as the time and place when and where any and all persons interested in said work or Assessment may appear before said District Board and be heard by said District Board upon such appeal, and show cause, if any they have, why said Assessment should not be confirmed.

Reference is hereby made to Resolution of Intention No. 561 adopted by said District Board on the 6th day of April, 1950, under which said work was done, for a description of said work.

DATED: October 24, 1950.
H. M. SMITTEN
Secretary of the District Board of Central Contra Costa Sanitary District of Contra Costa County, State of California.
O-31, Orinda Sun, Oct. 27 and Nov. 3, 1950.

Drive very carefully — the life you save

Your Garden

You'll Have More Fruit, and Tastier, If You Plant Your Own Fruit Garden

By BERT WRIGHT

RECENT INCREASES in the price of food emphasize the desirability of a home fruit garden, while the Korean war and its implications may, in time, multiply the value of a home supply of delicious fruits and berries and permanent vegetables, such as asparagus.

However, the home fruit garden cannot be measured merely by the cash value of the crop. In the larger fruits, such as peaches, etc., the beauty of the springtime blossoms and luxuriant foliage and the delights of seeing your own fruits form on the trees impart a sense of well-being and better living.

The fresh, unbruised, tree-ripened fruit has a flavor all its own, a flavor that can be captured all winter by deep freezing and home canning.

FALL or spring is a good time to plant fruit trees. What to plant is no problem — just think of the fruits you like best.

A nursery catalogue from any reliable nurseryman, or consultation with your nurseryman, should help you to come up with a home fruit garden plan that will answer all your needs.

Variety is a blesing in fruits, if you want to satisfy all your taste desires. Fresh fruits from your home garden likewise supply more and healthy vitamins and natural sugar for the growing family.

FROM THE LOOKS of things today the home fruit garden will increase in value as time goes on, and fruit trees in a few years may be far less plentiful than they are now, according to Dr. Richard P. White, executive secretary of the American Association of Nurserymen.

Fruits should be adapted to your soil, terrain and climate. If the soil is reasonably good and the drainage sufficient, you'll have success providing you give the trees reasonable care, such as cultivating around the tree, addition of small amounts of fertilizer, if needed, and occasional spraying.

With good care the trees bear sooner, are healthier and have more delicious fruits.

IN THE SMALLER fruits there are strawberries, raspberries, currants, blackberries, grapes, etc. All of these are delicious as fresh fruits and in jellies. For deep freezing and canning not many things can surpass strawberries and raspberries.

Home fruit add an indescribable sense of unity and better, more secure living for the family. All members of the family usually help to pick the fruit, all enjoy eating it in one form or another during all seasons of the year.

NOVEMBER GARDEN TIPS which may aid you:

Poor aeration will soon affect the condition of house plants which are kept constantly wet. The soil of pots which are watered thoroughly and then permitted to dry will contain ample air whether watered from above or beneath.

Fallen leaves should not be permitted to mat down the lawn. Lawns can be fed with complete plant food after growth stops but before the freeze-up occurs.

Newly planted evergreens should be kept well watered as long as the ground is not frozen. Their restricted root growth makes them much more liable to dying out during the winter.

Don't be in a rush to harvest carrots and beets, for as long as the soil is not frozen they will keep better in the garden than anywhere else.

TREES TRANSPLANTED in fall should be mulched immediately to prevent rapid temperature changes and to maintain a favorable temperature for root growth.

Practically all trees over one inch in diameter should be supported by staking or guying to keep the plant in an upright position and to prevent loosening of the roots. There are various methods used and you should discuss them with your nurseryman.

BURLAP or special tree wrapping crepe paper is used to protect trunks and larger branches of newly planted trees. Wrapping aids successful recovery by slowing down the loss of water and resultant drying out of the bark, protects the trunk against sun scald and is a practical protection against borer infestation.

Strips three to four inches in width are satisfactory for small trees, and five to six-inch strips for medium and large trees.

BEGINNING on the large branches and working down the trunk to the ground, overlap each spiral turn one-half the width of the strip. Bind the wrapping with a stout cord, starting at the base of the trunk and winding spirally upward in the opposite direction of the wrapping.

Allow to remain for two years unless it rots or becomes too unsightly.

Base Rock Bulldozing

Diamond K Sez . . .

AT LAST we've drawn a respite from the weather. I imagine most of you have had time to take a count and discover the water troubles around your home.

Some of you are having sewage problems; that is, water seeping through the foundations and into your basements. Why not give them a coating of Thompson's Water Seal? This is the product used by cement companies to seal their cement silos, so it has to do the job.

NEXT, how many of you had to park at the foot of your driveway and walk to the house. Diamond K can solve this problem for you with a load of base rock and/or gravel.

IN ANSWER to many queries:

Cement is still very scarce and we are temporarily unable to supply our customers. However, Mix Kwick Concrete and Mix Kwick mortar are readily available and we are able to supply these products.

We are once again prepared to supply you with full grapestakes, in 5. 6 and 7 foot lengths. For those of you who have been waiting to finish that grapestake fence, come in and see us.

Bill Magrath

Scarecrow Party At Wilber Home

Mrs. Bernard Wilber, new member of Xi Lambda chapter of Beta Sigma Phi, was hostess to the group at a costume "Scarecrow Party" at her home Saturday night. Prizes were awarded for the most unusual costumes at the affair.

Miss Ethel McCutcheon was chairman of arrangements, assisted by Mesdames Wilber, Norman Pick, Fred Thiele, Craig Converse and Raymond Dear and the Misses Alice and Rose Fregulia.

CHRISTIAN SCIENCE CHURCH

"Adam and Fallen Man" is the subject for the Lesson-Sermon to be read in Christian Science churches this Sunday, November 5. The Golden Text will be a verse from Hosea: "O Israel, return unto the Lord thy God; for thou hast fallen by thine iniquity" (14:1).

Included in the sermon will be the following citations:

Bible: "Awake, awake; put on thy strength, O Zion; put on thy beautiful garments, O Jerusalem, the holy city: Shake thyself from the dust" (Isaiah 52:1 (to:), 2 (to:).

"Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Man is more than a material form with a mind inside, which must escape from its environments in order to be immortal. . . . God expresses in man the infinite idea forever developing itself, broadening and rising higher and higher from a boundless basis" (p. 58).

CHRISTIAN SCIENCE SOCIETY

Section 5 Will Meet on Tuesday

Next Tuesday, 8 p.m., Section 5 of the Guild will meet at the home of Mrs. Sheldon Allen, 50 Haciendas Road. Guest speaker will be Frank Flegal, who will tell of the work of the Good Will Industries of Oakland, with which he has been associated for many years.

The devotional period will be led by Mrs. J. J. McMillan, philanthropy chairman of the Guild. Refreshments will be served at the close of the meeting by Mrs. V. N. Savale and Mrs. E. M. Samon.

Greenlaws Plan Trip To Hawaii in December

Christmas and New Year's at the Royal Hawaiian are on the Winter itinerary for Dr. and Mrs. Wallace W. Greenlaw, who are sailing on the Lurline December 11. They will visit points of interest on the other islands before returning home in mid-January.

Drive very carefully — the life you save may be your own.

3 Home-Garage Permits Issued For Orinda Area

Only three residence and garage permits, one to include construction of a retaining wall, were issued in Orinda area for the week ending October 27.

Glorietta Corporation, as owners, were issued an o.k. for one of these units at Lot 125, Hillcrest Drive and Overhill Road, Moraga Meadows, estimated cost $8,925, builder Hancock Construction Company.

A residence-garage permit was granted owner D. Casey, $9,384, portions Lots 76 and 77, Westwood Court and Overhill Road, Moraga Estates, Watson and Morrill of Richmond, contractors.

Owner J. Ellinger, Albany, was issued a permit for garage-residence and retaining wall, $9,030, Lot 18, Monte Vista and San Pablo Dam Road, builder Bisby and Nokes, Richmond.

Nan Shepherd Is Now Mrs. Hudson

Escorted up the aisle by her father, William Reginald Shepherd, Nan Vernon Shepherd became the bride of Lawrence U. Hudson of Oakland at a ceremony performed in St. Paul's Episcopal Church recently.

The bride wore a wedding gown of white lace over ivory satin, the bodice neckline in lace fashioned in scallops and the skirt front in tiers of pleated tulle. A fingertip veil of French illusion and pearls was held by a headdress of pleated tulle studded with pearls. Her bouquet was of orchids combined with bouvardia and valley lilies.

Mrs. Michael Titus, former Stanford classmate of the bride, was matron of honor. Bridesmaids were Jane Putnam of San Jose, Dana Turkington of Atherton, Mrs. Norman Kenfield (Nancy Hudson) and Ann Hudson, the latter two, sisters of the bridegroom.

The bride's attendants were gowned alike in maize satin floor length dresses with matching satin mitts. Gold slippers and bouquets of bronze chrysanthemums completed their pretty ensembles.

Toast shade lace was chosen by Mrs. Shepherd for her daughter's wedding. Mrs. William U. Hudson, the groom's mother, wore cocoa brown lace. Both mothers wore green slipper orchids.

Harter Hudson of San Leandro was best man for his brother, William Reeves and David Hinton of Stanford and William Shepherd, Jr., and Norman Kenfield ushering guests to their places.

Lawrence was a Sigma Chi at Stanford where he received his master's degree.

Pandora Holds Luncheon Party

In one of the monthly benefit affairs sponsored by groups of Pandora Chapter of the Children's Home Society to raise additional funds for the work of their organization, a luncheon and card party was held at the home of member Mrs. Robert Anthonisen on October 23.

Pandora members present were Mesdames Clarence Betz, William Hanley, Fred Crawshaw, William Huston, Arthur Anderson and James Brown and guest Mrs. Jack Carlson, substitute for Mrs. Rudy Rasmussen, who was unable to attend.

SPORTSMEN SPEND MILLIONS

California Division of Fish and Game estimates that California sportsmen spend more than two hundred and fifty million dollars annually on hunting and fishing activities.

Vielbaum-Farrar Wedding Announced

Dr. and Mrs. Lloyd L. Farrar of 99 El Toyonal, Orinda, announce the marriage of their daughter Janet Ellen to Albert Vielbaum, Jr.

The couple surprised their friends by getting married in Reno, Nevada, October 7. They are now living at 1962 Dora Street, Walnut Creek.

With them at the wedding ceremony were Albert's brother-in-law and sister, Mr. and Mrs. Howard Silva of Walnut Creek.

Janet is a June, 1950, graduate of Acalanes High School and is working for Pacific Telephone and Telegraph Company in Berkeley.

Albert, son of Mrs. Wilda Vielbaum of Pleasant Hill and the late Albert Vielbaum, Sr., was graduated from Diablo High School in 1947, and works at the Sun as an apprentice printer. He is a member of Company C, 159th Infantry, National Guard, which has headquarters in Walnut Creek.

Hallowe'en's Fun For Adults, Too

Mr. and Mrs. J. C. Roos of Hacienda Circle had a Hallowe'en Folk Dance Saturday night.

Eight couples gaily cavorted to prove that Hallowe'en fun wasn't only for children. Mr. and Mrs. G. Engelhard called some squares for the group.
